

### Color Board Description Samples

In an effort to make color board samples more consistent in the way they're put together and the information they contain, we're providing a sample of a color board list (below); this can be attached to the back of the color board, and used as a legend.

Home/Lot Owner Name: \_\_\_\_\_

Site Location (address/Lot. No.): \_\_\_\_\_

Submitted and Prepared By: \_\_\_\_\_

Date: \_\_\_\_\_

Number/Label On Board		
	Roof Material and Colors	
	Siding Materials and Colors #1	
	Siding Materials and Colors #2	
	Exterior Trim Material and Colors	
	Window Material and Colors	
	Exterior Posts, Knee Braces, & Beams	
	Exterior Door Material and Colors	
	Stone/Rock Materials	
	Concrete	
	Lighting Fixture Cut Sheets	
	Other	

## Color Board Process

Color boards must be submitted with your final plans. Final plans will not be processed until we have received your color board. Please drop off your clearly labeled color board at my desk in the DRC office.

- Each color board should have the following clearly labeled
  - o home site number
  - o owner name
  - o builder name
  - o physical address (if available)
- A complete color board is the best way to expedite its approval. Ensure your color boards are complete and clearly labeled. Each color board must have:
  - o Physical, stained samples of all siding and trim materials
  - o Physical sample of stone
  - o Physical sample of roofing material
  - o Physical sample of window material and color
  - o Cut sheet/photo of exterior doors, garage doors, and lighting fixtures
  - o A legend and spec sheet with complete product information
- Please ensure all samples are securely attached to your color board so we can keep your materials together.
  - o Color boards don't need to be massive – a compact, well organized and labeled color board works best.

MATERIAL BOARD FOR PERMIT SUBMISSION 04.26.2017	
Home / Lot Name (Home Site Location)	Long Brook / Marina Brook 1011 4th St. 4th Street Foundation Lane, 2nd Floor, RM. 9999
