

## **Suncadia Fund for Community Enhancement Grant Program 2025**

Dear Grant Applicant(s):

Thank you for your interest in applying for a SFCE grant! The intent of the Grant Program is to provide funding for projects that will benefit the quality of life and sense of community for people who live and work in Suncadia and the immediately surrounding communities (Communities).

Grants will only be considered by registered non-profit organizations, Suncadia Resort community functions, or local governmental agencies. Requests for grants associated with private residences, for personal financial gain, for-profit businesses or other for-profit ventures will not be considered.

Grants are reviewed quarterly (Grant Month) February, May, August, and November. Grants should be submitted at least 15 days prior to the Grant Month. The amounts given in any year will vary based on the revenues that are in the fund at the beginning of each funding period. The SFCE values collaborative efforts and strongly favors applications that clearly demonstrate how they serve the Communities.

The mission of the Fund is to provide a source of funding and organization for activities and investments that will create and enhance a dynamic and vital community experience for the Owners. The Fund will have the ability to participate in a broad range of activities intended to improve the social, cultural, economic and environmental conditions of Suncadia and its immediate environs, including the Town of Roslyn, the City of Cle Elum and the City of South Cle Elum. The nature of the Fund's investments will inevitably change as the community that it supports grows and evolves over time; it will, however, remain focused on enhancing the lives of the members of the community through its potentially far-reaching endeavors.

The Fund shall organize, fund and administer such activities, services and programs necessary, desirable, and appropriate to fulfill the Fund's mission. Such activities may include, but are not limited to, the following:

- a. Educational programs
- b. Services to benefit Owners and residents of Suncadia and surrounding areas
- c. Establishment or funding of interest groups and other volunteer organizations and activities
- d. Support of applicable educational trust or endowments
- e. Social programs (e.g. parties, festivals, and similar events)
- f. Environmental programs (e.g. community-wide recycling, tree planting, or wildlife enhancement)
- g. Activities designed to promote compliance with community standards through education, communication, and grass roots support
- h. Public relations activities to advance the Fund's programs and activities
- i. Cultural, artistic, and wellness programs
- j. Acquisition, operation and preservations of environmental, historical or community interest sites
- k. Computer internet and intranet sites
- l. Learning centers
- m. Strategic partnerships among local school or public entities (e.g. library, fire district, hospital district, museum, historical preservation or other community enhancement organizations)
- n. Other services, activities, and programs which advance the fund's mission.

### **What we look for...**

In reviewing proposals for funding, the SFCE looks for projects that:

- Promote community assets and meet well-defined community needs
- Promote volunteer and community involvement
- Encourage cooperation and collaboration
- Assist non-profit agencies in serving the Communities
- Programs and projects of artistic, educational, cultural, historical, or recreational nature
- Special events enhancing the spirit of community
- Ability to match or leverage other funding sources
- Capital projects that will have an enduring benefit to the Communities

### **What we do not fund...**

- Fundraising
- Religious activities or purposes
- Political activities of any kind, including lobbying, ballot measures, campaigns, candidates, recalls, etc.
- Projects that do not specifically serve the Communities
- Projects intended to generate revenues for personal gain, private or for-profit businesses or ventures
- Subsidizing or relieving tax burdens or user fees related to activities that are traditionally and properly provided by local governments.
